To Whom it May Concern

RE: GREAT SOUTHERN DEMOLITION

It has come to my attention that Great Southern is pursuing higher goals within the construction community and I would like to personally like to add my support and best wishes for their growth and prosperity.

As a project manager for several area contractors, I have had a professional working relationship with Mr. Barnes and staff for over five years and have noted the upward growth of his company in the commercial construction sector. This company has excelled in reliability, timeliness, competitive pricing and development of a personal and professional image of integrity within their field. Our mutual construction experience has included: Florida State University, Florida A & M University, The City of Tallahassee and the State of Florida / Dept of Management Services.

Should you have any questions, concerns or comments regarding this correspondence and / or the qualifications of this company please do not hesitate to call me at your convenience.

Sincerely,

RE: Letter of Reference for Great Southern Demolition

To Whom It May Concern:

This is to provide strong recommendation for Great Southern Demolition based on the experience I have had with them over the past several years.

It has been a pleasure doing business with this company. In addition to always providing competitive pricing, they have continually provided prompt service and have met or improved upon all contractual schedules.

They have to the best of our knowledge always been prompt in their payments to employees, vendors, and equipment suppliers as evidenced by the lack of any Notices to the contrary on any project in which I have been associated.

If any additional information is desired, please feel free to contact me at any time at (850) 561-9941.

Sincerely,

David Smith

RE: Great Southern Demolition

I understand that Great Southern Demolition is currently pursuing financial options that will allow them to become an even greater asset to our construction community. Their continuing growth is a move that I support and endorse.

It has been my great pleasure to work with Great Southern Demolition as a Project Manager, Senior Project Manager and as the Director of Operations for more than 7 years. Our experience together has covered more than 20 projects in Leon, Jefferson, Madison and Wakulla Counties. I have always found that Red Barnes and his staff are committed to excellent service and can be trusted to do what they say they will do. They have always kept the best interest of their clients in mind and have acted in a most professional manner. The best recommendation that I can give is that when I needed a demolition contractor for work at my church I relied on Great Southern Demolition. I knew that they could deliver and would go the extra mile to make sure I was completely satisfied.

If you have any questions or require any further information regarding this matter please do not hesitate to contact me at (850) 668-4498.

Sincerely,

Peter R. Brown Construction, Inc.
